

## S40 Assessment Services

Assisting you to determine current work capacity and suitable duties

At times, a workers compensation claim may need to be reassessed and as such, a S40 Assessment may be necessary. Such assessments provide information regarding the vocational options for the injured worker.

An Active Working Solutions S40 Assessment is a comprehensive assessment consisting of a specialised Vocational Assessment and a Functional Capacity Evaluation. The S40 Assessment determines the injured workers current work capacity and what jobs they could currently perform.

### What assessment tools are used in an S40 Assessment?

Our Rehabilitation Counsellors / Psychologists administer a:

- *Vocational Assessment Questionnaire and Skills Audit*
- *Transferable Skills Analysis Questionnaire*
- *Standard Progressive Matrices (Ravens)*
- *Wide Range Achievement Test - Version 3 (WRAT-3) or relevant tool*

Our Occupational Therapist / Physiotherapist administer a:

- *Workhab Functional Capacity Evaluation*

### What does the S40 Assessment service include?

#### **S40 ASSESSMENT SERVICE**

The AWS S40 Assessment service includes:

- **Vocational Assessment & Labour Market Research**
  - **Functional Assessment & Report**
    - **S40 Assessment & Report**

*Travel, if required out of the Sydney metropolitan area, will be quoted for in advance.*
